

BBMRI·be

The European research infrastructure for biobanking and biomolecular resources in health and life sciences

More info ?
www.bbmri.be

Want to make a difference in research?

Your tissue and blood samples might just be the missing piece.

Meet our biobank partners

Biobank flow

What happens with my samples?

CONSENT

Do you agree to donate samples for scientific research?

TAKING SAMPLES

Your samples are collected by the hospital staff.

STORAGE OF SAMPLES

Your samples are safely stored in our biobanks

RESEARCH

Researchers can use your samples to solve scientific research questions

RESULTS

The results are shared with the scientific community. In case of incidental findings, the donor will be informed.

What is a biobank? Which samples are collected?
For which research will my samples be used?

Find all these answers and more on our website:
